

At the November, 2015 Annual Board Meeting of the Edinburgh Pro Am Foundation, the Tournament Board approved the following donations for the year ending in December of 2015. The recipients of these dollars we are certain will be very thankful for all contributions. We go on record to say “thank you” to all players, small businesses and larger corporations for making it possible to improve the lives of the many these funds will affect.

In this broad spectrum of giving we have touched the lives of the less fortunate, teen leadership, educational assistance at the college level, health & wellness, seniors, the homeless and hungry, single parent families and military families support.

It is the goal of the Edinburgh USA Foundation to make this kind of impact for even more dollars year after year. The only way we can succeed is for you to continue your unselfish example of participation.

Our charities for 2015:
